

72" Wall Divider

Model 8426 — Stationary Wall Divider with Base Plates

Model 8427 — Portable Wall Divider with Casters

This sleek Wall Divider offers a convenient way to separate space within your office, waiting rooms or patient rooms. Creating a barrier between people, this Divider may help prevent the spread of infectious pathogens, limit physical contact and foster a sense of comfort and safety during patient visits.

Available in stationary or portable models.

ALL UMF MEDICAL PRODUCTS ARE MADE IN THE USA
